Feed Program

The seriousness of the entire feed situation demands that the War Food Administration develop and administer a sound, consistent feed program.

Mr. Hutson and Mr. Tapp, Associate Administrators of the War Food Administration, are designated to supervise the planning and development of such a feed program. Mr. D. A. Fitzgerald, Deputy Director, Food Production Administration, will, under their supervision and direction, serve in a staff capacity and contact and work with responsible officials of the War Food Administration and other government agencies to plan, develop, and submit for my approval an overall feed program. After the approval of the Administrator the feed program will be effected by the agencies of the War Food Administration charged with the responsibility for carrying out the specific phases of the program which fall within their respective functions.
